

Intro

Thank you for your interest in the COIL Faculty Fellows Program - Africa. This is a team application form for those who already have a team formed.

Before you proceed, please make sure you meet all eligibility requirements and have all needed information:

1. Team must be composed of one instructor from MSU and one instructor from one of the African AAP-affiliated universities. *Note: all applications will be evaluated on a case-by-case basis and the selection committee is willing to consider teams of number and type outside of the parameters indicated above. Contact Dr. Cherchiglia (leticia@msu.edu) if you have any questions or would like to discuss this further.*
2. Team must submit information about the courses being “COILed” as well as a document containing their shared reasoning for the following:
 - Explain how their COILed project relates to one or more of the AAP priority areas (Agri-food Systems; Water, Energy, & Environment; Culture & Society; Youth Empowerment; Education; Health & Nutrition; Science, Technology & Innovation).
 - Explain their initial overall shared vision for the COILed project focusing on the intercultural and collaborative components.
 - Explain the benefits of their COILed project for their students, their institutions, and themselves as course instructors.

(Note: specifics about the COILed project will be defined by each team together during the fellowship program; this is merely an initial brainstorming idea.)

3. Only one application is required per team.

(Note: specifics about the COILed project will be defined by each team together during the fellowship program; this is merely an initial brainstorming idea.)

Accommodations and/or Unique Circumstances

If you and/or the other instructor listed in this application require any accommodations to attend this 100% online program, please provide a brief description below. We will do our best to comply with any requests for accommodations.

As mentioned before, a team must be composed by one instructor from MSU and one instructor from one of the African AAP-affiliated universities, but all applications will be evaluated on a case-by-case basis and the selection committee is willing to consider teams of number and type outside of the parameters indicated above. If that's the case for your team, please use this space to further explain your team's unique circumstances.

Final Questions (Optional)

Although prior experience in COIL is not required for this fellowship program, has any of the instructors ever been involved in COIL or heard about it before?
(optional)

How did you hear about this fellowship program? (optional)

Do you have any questions/comments/suggestions about this team application form? (optional)
